

## BENCH

# PLOCKEPINN 051

The Plockepinn family consists of two stools and a bench, with innovative design and construction. It was originally a bar stool, which became so popular that it got two new family members.

Plockepinn bench is a stylish and versatile piece of furniture, suitable for example as a bench and coffee table. The bench is made of solid birch that can be ordered clear lacquered and stained in black or white.

Möbelfamiljen är tillverkat i FSC-certifierat björk och är märkt med Möbelfakta. Formgiven av Helena Svensson.

## ADDED VALUE

- Neat
- Versatile, bench as well as coffee table
- Any color
- Tested for public use and meets the requirements for durability & safety, set forth in the following standard, EN 16139

## ACCESSORIES

- Frame in birch
- Frame in any color

## REUSE

- Solid wood

## DIMENSIONS

Height	45 cm
Width	115 cm
Depth	30 cm
Seat height	45 cm

Any NCS-color available as an option on this product.

## WOOD

Wood is a living material whose grain from the very beginning has a natural variation in pattern, color tone and luster. The wood is affected by, among other things, the season, heat and humidity. That wood is a living material means:

- Screws need to be re-tightened regularly, at least once a year.
- Solid table tops can naturally warp by up to 0.5%.
- Light from the sun and lighting can cause permanent color and light differences in the surface, so allow the entire wooden surface to be exposed to the same amount of light.

Out of concern for the environment, we paint a large part of our range with water-based surface treatments. This means:

- Spills of coffee and other liquids need to be wiped up immediately.
- For cleaning, hand washing detergent or pH-neutral detergents and lukewarm water are recommended. Wipe off with clean water and wipe dry. Do not use cleaning agents that are alkaline, aggressive, contain abrasives or solvents.
- For disinfection, non-alcohol-based agents are recommended, e.g. Virkon or DAX Alco Free. Alcohol-based agents must not be used.
