

COFFEE TABLE

HUMLAN 770

Humlan är en inkluderande och välkomnande möbelfamilj med soffor, fåtöljer, stolar och bord i mjuka och rundade former som bryter det fyrkantiga rummet och skapar en mjuk och inbjudande miljö. Bordet finns att få i björk, ek, betsat i vit och svart som standard eller i valfri kulör. Topp skivan finns i utförande björkfaner, ek faner, björklaminat och vitlaminat.

The table is available in different versions, with or without a lower shelf. The table height is 59 cm high.

The furniture family is made of FSC-certified birch and oak. Humlan is labeled with Möbelfakta.

Humlan är ritad av Eva Schildt.

WOOD

Wood is a living material whose grain from the very beginning has a natural variation in pattern, color tone and luster. The wood is affected by, among other things, the season, heat and humidity. That wood is a living material means:

- Screws need to be re-tightened regularly, at least once a year.
- Solid table tops can naturally warp by up to 0.5%.
- Light from the sun and lighting can cause permanent color and light differences in the surface, so allow the entire wooden surface to be exposed to the same amount of light.

Out of concern for the environment, we paint a large part of our range with water-based surface treatments. This means:

- Spills of coffee and other liquids need to be wiped up immediately.
- For cleaning, hand washing detergent or pH-neutral detergents and lukewarm water are recommended. Wipe off with clean water and wipe dry. Do not use cleaning agents that are alkaline, aggressive, contain abrasives or solvents.
- For disinfection, non-alcohol-based agents are recommended, e.g. Virkon or DAX Alco Free. Alcohol-based agents must not be used.
